Seminar Objectives

The Cyprus Fiduciary Association (www.cfa.org.cy) is organising two (2) independent half-day (4-hour) events titled **“A Practical Approach to the GDPR Challenges within the Fiduciary Industry”**.

Objectives:

As technology advances and electronic activities become part of our everyday life Personal Data are exposed to misuse and peoples’ rights become vulnerable to abuse. The General Data Protection Regulation has imposed a significant burden on the enterprises all over Europe to take the necessary measures in order to protect the Personal Data they process (collect, store, use, share).

It is therefore imperative for enterprises providing fiduciary services, corporate services, legal and audit services to take the necessary steps to comply with the Regulation so that they avoid the heavy penalties provided but most importantly enhance the element of trust between their clients, employees and associates.

Resulting from the above this event aims to:

- i. Explain the spirit of the GDPR,
- ii. Analyse and the deliverables GDPR requests
- iii. Guide to the correct steps to take in complying with the GDPR
- iv. Answer practical questions
- v. Provide practical tips from speakers experience in assisting over 57 enterprises to comply with the GDPR.
